

REGIONAL SCHOOL DISTRICT 13

Grades K - 2 Math Parent Resources

RSD13 Core Ethical Values: Respect, Responsibility, Honesty, Kindness & Courage

CURRICULUM, INSTRUCTION & ASSESSMENT

Math Instruction

Regional School District 13 provides every student with the opportunity to participate in a rich learning environment. This will include direct instruction as well as differentiated instruction to meet students at their level.

Students will participate in:

- Math Workshop
- Strategic Groups
- Number Talks ®
- Procedural and Conceptual Fluency
- Math Discourse
- Vocabulary Development

CURRICULUM, INSTRUCTION & ASSESSMENT

Math Workshop

Math Workshop is an instructional model that focuses on the work of the mathematician. This model balances direct instruction, guided practice and independent practice. Students have opportunities to participate differentiated activities that involve both written and verbal student led mathematical discourse.

What does a lesson look like?

1. Math Warm-Up
2. Whole Group Mini Lesson
3. Small Group Math Rotations
4. Reflection

CURRICULUM, INSTRUCTION & ASSESSMENT

Standards for Mathematical Practice

In grades 3-5 we develop conceptual understanding, fluency, and application of Connecticut Core Standards through the eight mathematical practices. These practices describe the characteristics of mathematically proficient students across all grades.

- Make sense of problems and persevere in solving them.
- Reason abstractly and quantitatively.
- Construct viable arguments and critique the reasoning of others.
- Model with mathematics.
- Use appropriate tools strategically.
- Attend to precision.
- Look for and make use of structure.
- Look for and express regularity in repeated reasoning.

CURRICULUM, INSTRUCTION & ASSESSMENT

Supporting Your Student

What can I do at home to support my child?

- Communicate regularly with your child's teacher.
- Talk about math in a positive way.
- Make math a priority.
- Involve your child(ren) in activities around the house that involve math (baking, building, crafts, shopping, time management, counting money)
- Play board and card games.
- Ask your child questions about their reasoning.
- Promote problem solving by finding solutions together.
- Visit the [National Education Association](#) (NEA) for more ideas
