

BYLAWS OF THE BOARD

Filling Vacancies

When a vacancy occurs on the District 13 Board of Education, the town which the member represented shall call a special town meeting within 30 days to name a successor to fill the unexpired term.

It is the expectation of the Board that Board members who leave the Board either through resignation or election, extend the courtesy of providing the Board with feedback through a conversation with the Board Chair or Superintendent or if preferred a written questionnaire. It is hoped that the honest and thoughtful reflections of departing members will provide valuable information and ideas for Board self-evaluation and improvement efforts.
