#### Welcome!

M Important: Parents and student users who and require assistance, please contact your school or district.

The SchoolMessenger app allows schools and school districts to inform you about school-related emergencies, school closures, attendance or other school-related issues.

Once you've created your account, we'll automatically link the records associated with your email address. You can then:

- View the records associated with your account student, staff, parent records.
- Review the last 30 days-worth of messages for all your associated records.
- View your contact information and configure how you would like to receive notifications.

Depending on your district's settings, you'll be able to:

- Receive teacher-sent messages from groups automatically associated with your account or groups you've joined manually.
- Join groups with generated codes provided to you by a teacher.

For schools subscribing to SchoolMessenger's SafeArrival system, parents have the ability to report planned absences, late arrivals, early departures to the school in advance.

For schools subscribing to SchoolMessenger's Plus Data system, parents have the ability to view student grades, lunch balance data, class and bus schedules, etc.

You will find all of these messages in an easily-accessible inbox. If you are associated with students in different schools or districts, all matching records will be linked to your account. With flexible preference controls, most kinds of communication can be configured to be accessed exclusively via the SchoolMessenger app.

#### **SchoolMessenger and the TCPA**

The Telephone Consumer Protection Act (47 U.S.C. 227) is a law that was passed by the US Congress in 1991. This law places restrictions on telephone solicitations and the use of automated telephone equipment, protecting the public from receiving unwanted phone calls.

While schools enjoy exemptions from some of these restrictions, **the preference configurations within the SchoolMessenger App allow you to set your consent state ("yes" or "no") for each phone number associated with your account**. With the exception of emergency calls, which cannot be exempted, any phone number whose consent state is set to "no" will not receive calls from SchoolMessenger.

# **Notification Preferences**

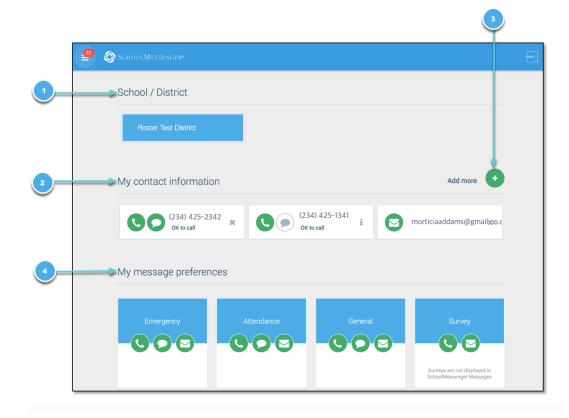

This page allows you to view and edit how you're contacted by your district when they send broadcast messages. The preferences on this page affect SchoolMessenger Broadcasts that may be sent to you from the school/district. They do not affect messages sent and received through teacher messaging within the SchoolMessenger app.

Access your notification preferences by clicking the menu icon and clicking Preferences.

- 1. School / District: The school district in which your email address is associated with is listed here.
- 2. **My contact information:** Displays all the email addresses and phone numbers (voice and SMS text) at which you can be contacted via that message type (phone, text, or email). The icons in green indicate that you've given your consent to be contacted. The icons in grey indicate you've chosen not to be notified on that number via that message type.

Note: Your district will control over whether you'll be able to edit or delete this information. You will know which phone numbers or email addresses can be deleted if they have a small X next to it. While the ability to edit or delete contact information may be limited by your school district, you can change your consent selections and preferences at any time.

3. Add more: Click this button to add more email addresses or phone numbers that aren't already listed. If this button is not present, your district has disabled this ability.

4. **My message preferences:** Click each message category (emergency, attendance, etc.) to view which contact email addresses and phone numbers will be contacted. You can also adjust your notification preferences for each message type here.

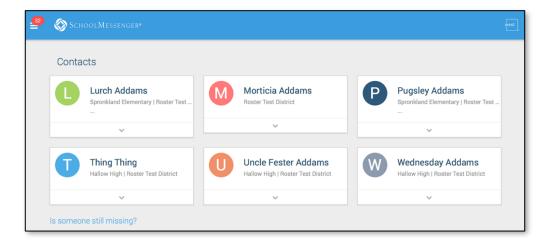

**Note**: The maximum number of phone numbers and email numbers you can enter into the system is controlled by your district admin.
