

Memorial School Summer Reading Adventures

Dear Memorial Families,

Summer is just around the corner! While we are all excited to kick back and relax, studies show that students lose on average about two months of reading skills over the summer months. *Therefore, Regional School District 13 is offering a new and exciting way to integrate reading throughout the summer!*

What we are doing: We would like to invite students to share their reading by participating in an online share. The app, **Seesaw**, will be used as a digital platform to share your summer reading with other students in your grade level. You can do this on a sandy beach or under a tree in the backyard, we all have places that we love to read our favorite books, explore something new or spark curiosity. *The Seesaw app is a way to share the reading we are doing over the summer. However, you can choose to take/print a picture, make a drawing, write a letter, etc. to be shared with your classmates when you return to school instead of using Seesaw.*

When we are doing it: All summer long! Check out the calendar for a list of fun ideas to get you started! The activities on the calendar are only SUGGESTED items and are NOT mandatory. Dates are included on the calendar.

How to get Started:

1. Complete the grade level instructions on this paper.
2. Check out the calendar for ideas.
3. Share your reading!
