PRESCHOOL

DTaP: 4 doses (by 18 months for programs with children 18 months of age)
Polio: 3 doses (by 18 months for programs with children 18 months of age)
MMR: 1 dose on or after 1st birthday
Hep B: 3 doses, last one on or after 24 weeks of age
Varicella: 1 dose on or after 1st birthday or verification of disease
Hib: 1 dose on or after 1st birthday
Pneumococcal: 1 dose on or after 1st birthday
Influenza: 1 dose administered each year between August 1st-December 31st
Hepatitis A: 2 doses given six calendar months apart, 1st dose on or after 1st birthday

KINDERGARTEN

DTaP: At least 4 doses. The last dose must be given on or after 4th birthday
Polio: At least 3 doses. The last dose must be given on or after 4th birthday
MMR: 2 doses separated by at least 28 days, 1st dose on or after 1st birthday
Hep B: 3 doses, last dose on or after 24 weeks of age
Varicella: 2 doses separated by at least 3 months-1st dose on or after 1st birthday; or verification of disease
Hib: 1 dose on or after 1st birthday for children less than 5 years old
Pneumococcal: 1 dose on or after 1st birthday for children less than 5 years old
Hepatitis A: 2 doses given six calendar months apart, 1st dose on or after 1st birthday

GRADES 1-6

DTaP/Td: At least 4 doses. The last dose must be given on or after 4th birthday. Students who start the series at age 7 or older only need a total of 3 doses.
Polio: At least 3 doses. The last dose must be given on or after 4th birthday
MMR: 2 doses separated by at least 28 days, 1st dose on or after 1st birthday
Hep B: 3 doses, last dose on or after 24 weeks of age
Varicella: 2 doses separated by at least 3 months-1st dose on or after 1st birthday; or verification of disease
Hepatitis A: 2 doses given six calendar months apart, 1st dose on or after 1st birthday

GRADE 7

Tdap/Td: 1 dose for students who have completed their primary DTaP series. Students who start the series at age 7 or older only need a total of 3 doses of tetanus-diphtheria containing vaccine, one of which must be Tdap
Polio: At least 3 doses. The last dose must be given on or after 4th birthday
MMR: 2 doses separated by at least 28 days, 1st dose on or after 1st birthday
Meningococcal: 1 dose
Hep B: 3 doses, last dose on or after 24 weeks of age
Varicella: 2 doses separated by at least 3 months-1st dose on or after 1st birthday; or verification of disease
Hepatitis A: 2 doses given six calendar months apart, 1st dose on or after 1st birthday

Revised 1/3/2019
GRADERS 8-12

Tdap/Td: 1 dose for students who have completed their primary DTaP series. Students who start the series at age 7 or older only need a total of 3 doses of tetanus-diphtheria containing vaccine, one of which must be Td.

Polio: At least 3 doses. The last dose must be given on or after 4th birthday.

MMR: 2 doses separated by at least 28 days, 1st dose on or after 1st birthday.

Meningococcal: 1 dose

Hep B: 3 doses, last dose on or after 24 weeks of age.

Varicella: 2 doses separated by at least 3 months-1st dose on or after 1st birthday; or verification of disease.

- DTaP vaccine is not administered on or after the 7th birthday.
- Tdap can be given in lieu of Td vaccine for children 7 years and older unless contraindicated.
- Hib is required for all Pre-K and K students less than 5 years of age.
- Pneumococcal Conjugate is required for all Pre-K and K students less than 5 years of age.
- Hep A requirement for school year 2019-2020 applies to all Pre-K through 7th graders born 1/1/07 or later.
- Hep B requirement for school year 2019-2020 applies to all students in grades K-12.
- Meningococcal Conjugate requirement for school year 2019-2020 applies to all students in grades K-12.
- Second MMR for school year 2019-2020 applies to all students in grades K-12.
- Polio: At least 3 doses. The last dose must be given on or after 4th birthday.
- MMR: 2 doses separated by at least 28 days, 1st dose on or after 1st birthday.
- Meningococcal: 1 dose
- Hep B: 3 doses, last dose on or after 24 weeks of age.
- Varicella: 2 doses separated by at least 3 months-1st dose on or after 1st birthday; or verification of disease.

- Lab confirmation of immunity is only acceptable for Hep A, Hep B, Measles, Mumps, Rubella, and Varicella.
- VERIFICATION OF VARICELLA DISEASE: Confirmation in writing by a MD, PA, or APRN that the child has a previous history of disease, based on family or medical history.

For the full legal requirements for school entry visit:

If you are unsure if a child is in compliance, please call the Immunization Program at (860) 509-7929.

New Entrant Definition:
*New entrants are any students who are new to the school district, including all preschoolers and all students coming in from Connecticut private, parochial and charter schools located in the same or another community. All pre-schoolers, as well as all students entering kindergarten, including those repeating kindergarten, and those moving from any public or private pre-school program, even in the same school district, are considered new entrants. The one exception is students returning from private approved special education placements—they are not considered new entrants.
